PROFILE SUMMARY

Full-Stack Developer skilled in building **responsive**, **SEO-friendly** web applications with **React.js**, **Tailwind CSS**, **Node.js**, **Express**, **MongoDB**, and **Firebase**. Experienced in dynamic **routing**, **authentication**, **CRUD operations**, and developing **dashboards**, **portfolio** sites, e-commerce platforms, and appointment systems. Proficient in clean, modular code and deploying projects to **Vercel** and **Render**.

EXPERIENCE

Freelance Full-Stack Developer

Self-employed | 2026 - Current

- Built responsive, SEO-friendly web apps using React.js, Tailwind CSS, and React Router
- Implemented authentication with Firebase and CRUD APIs with Node.js, Express, and MongoDB
- Developed dashboards, portfolio sites, e-commerce platforms, and appointment systems
- Ensured dynamic content, responsiveness, and clean, reusable code
- Deployed projects to Vercel and Render

PROJECTS

Full-Stack Portfolio Application (MERN Stack)

- Full-stack web application using MongoDB, Express.js, React, and Node.js
- Implemented CRUD operations with RESTful API integration
- Applied React Context API for state management
- Developed a responsive UI following modern design practices
- Structured scalable backend architecture with Git-based version control
